- Created logo design, brand design and UIUX design for clients and increased satisfaction by creating solutions for product enhancement.

Contact: Khafizi Noh (CEO/Full Stack Developer) - +6013-353 2902

PERSONAL PROJECTS

Magazine Website Proposal (05/2021 - Present)
- An ongoing magazine website UI design project for a client that designed for a magazine/blog website which covered the design for homepage, article, search & category pages with modern aesthetic and clean design concepts that covered static, parallax and horizontal scrolling.

Yang Edruce (04/2021 - 05/2021)
- A full branding project for myself as Yang Edruce from logo design and UI design to web development that developed with the goal to use simple html, css, scss, javascript and bootstrap to create the modern magazine-like web design.

Rekabyte (06/2020 - 09/2020)
- Rekabyte explores the intersection between web design and advanced web animation and creates an experience that fuses information in design with web technologies.
